PROGRAM OVERVIEW

The Carlisle High School boys' track and field program has a rich and extensive history dating back to the early 1950's. CHS has had eleven teams finish in the top ten at the outdoor state track and field meet held in May each year led by back-to-back third place finishes by the 1960 and 1961 squads. There have been eight different district championship teams and eight different conference championship teams in the last 62 years.

The Wildcat Relays, which are held each year in late April, were started by Coach Robert Spencer in 1958. 2017 will mark the 60th Annual Wildcat Relays which ranks in the top 20 of the "oldest" meets in the state of Iowa. The current location of the track and field was updated in 1984 and will remain in this location for the foreseeable future.

Although the Iowa High School Athletic Association has changed classifications throughout the years; Carlisle has been a member of Class 3A district/state competition since 2005. Carlisle is also a 20+ year member of the Raccoon River Conference.

The contents of this packet are to recognize the great teams and individuals in the program's history. If there are accidental omissions or you feel the information is incorrect please contact Coach Fletcher.
